"INVESTOR"

"UNDER THE BRIDGE"

“ For the vision is yet for an appointed time, but at the end it shall speak, and not lie: though it tarry, wait for it; because it will surely come, it will not tarry” Habbkkuk 2:3

Vision is the ability to see ahead a place or destination. Vision is also the mental image of the future.

Vision pass through different stages in Life.

First stage is Thinking stage

Second Stage is catching of vision

Third Stage is buying the Vision

Fourth Stage is seeking the Vision

The last Stage is realizing your Vision etc.

One of the laws of Vision States: ‘If you can see it, you can have it’

Vision is like when God gives you a breakthrough idea, there will always be people around you who will not see what you are seeing.

Your words will sound ridiculous and your action will look foolish to them.

Not everyone will be excited about your vision or your breakthrough ideas.

Your impending success will definitely seem to expose some people’s failure. It will surely be disappointment for you to realize that rather than being excited such people become cynical sceptical and critical of your plans or vision. The theme of this exhibition is Vision, that is why we must keep on setting bigger goals, because Vision makes you dream big, expect great things and attempt great things.

His Styles & Techniques of Paintings are unique as his art. His Self-titled “Be My Styles Techniques” (BMST). It means that anything or any styles or techniques used in his paintings are known as “BMST”.

The theme of this show emanates from the word of God, to show that there is an appointed time, for all God’s given Vision in Life.

God will give you a breakthrough Vision.

In Jesus Name Amen.
